

Highlights

No Frost

No manual defrosting needed by evenly circulating cold air.

Inverter Quattro

Energy saving, low noise and fast cooling inverter technology for the compressor and fans.

Metal Cooling

The metal back panel cools faster, enhancing efficiency while adding a premium touch.

Digital Control

Adjust temperature precisely on the digital screen.

Foldable Shelf

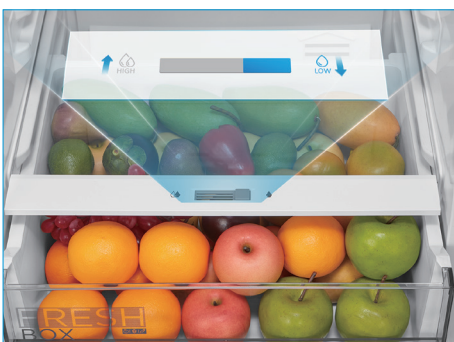

The glass shelf is arranged with a foldable design, flexible to store items of various sizes, either short or tall.

Private Zone

Separate space for storing personal items with a flip box.

Humidity Control

Customize settings for vegetables and fruits, keeping each at its ideal freshness level.

Transformer

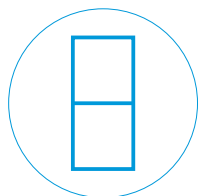

Two drawers can be combined to store larger items and enhance freezer space.

Wine Rack

Keeps your favorite bottles neatly stored and accessible.
